

IN MEMORIAM

MARJORIE MERCER KENDIG GATES

14 June 1892 - 23 November 1981

Our indebtedness to M. Kendig cannot be measured or expressed adequately in words. A co-worker with Alfred Korzybski since 1934, she helped to establish the Institute of General Semantics in 1938, served as Educational Director, Associate Director, then Director until - indeed, well beyond - her 'retirement'. She was the founder and editor of this General Semantics Bulletin. Her wisdom, leadership, and high standards give us continuing inspiration.

We plan to produce a special supplement of the Bulletin dedicated to M. Kendig.
